SmartDrawer

SmartDrawer® is a flexible drawer-based storage system designed to dispense single items (or multiple items of a single SKU) under locked "smart" compartments with SecureBin™.

SmartDrawer can be a stand-alone unit or combined with other SupplyPro devices for a tailored dispensing solution. SmartDrawer technology is extremely versatile and configurable.

SMARTDRAWER DELIVERS

- Access products through the easy-to-use touch screen interface or select items directly using the integrated take and return buttons
- Individual lid control according to usage requirements, such as whether the item is returnable or not, loan periods for check-in/check-out, automated lock-down, employee access, etc.
- Full usage audit trails – see item, who used it and where it was used
- High capacity storage in a small footprint
- No repackaging
- SecureBin™ technology provides a patented bin management system
